

# BARRY GRANT

# DEMON CARBURETION

## The Mighty Sportsman: a Competition Carburetor by Demon

- The Mighty Sportsman carburetor by Demon is designed for the entry-level sportsman racer.
- It is available in three separate configurations: **oval track** with special floats and secondary power valve, **drag race** with notched floats and jet extensions, and **road race** or slalom with special floats and secondary power valve.
- Available with cfm ratings of 575, 650, 750, 800, 825, and 850, the Mighty Sportsman features interchangeable air bleeds and idle-feed restrictors, which are ideal for fine-tuning at the track or during dynamometer testing.
- Free-flowing air-entries, ridge-free concentric venturi bores, large capacity fuel bowls with sight glasses, and billet metering blocks and baseplate.
- Contains many billet components and is a direct replacement for the Holley® HP, yet is considerably less expensive than many of the modified versions.

### MIGHTY SPORTSMAN SERIES CARBURETORS

PART #	DESCRIPTION	JOBBER
